ACCOMMODATION

Camp Lake Natron

All camps are built in typical East African style. They are all beautifully situated, very comfortable and offer roomy, insect proofed tents (double), with wonderful beds and bed linen, dressing table, clothes racks, shelves and chairs. There is also a private shower and toilet with hot and cold running water in all tents. There is also a cosy "mess tent" for dining and relaxing and of course a well equipped bar, complete with refrigerator to ensure ice cold drinks are always available.

The cuisine is of a very high standard. A good, solid breakfast is served every day featuring fresh fruit, bacon and eggs, freshly baked bread and tea or coffee. Lunch in camp consists of 2 - 3 courses, but on days you are out hunting far from camp a picnic lunch will be provided. Dinner is also a 2 -3 course meal, with a choice of good wines, spirits and other drinks that fully live up to the high quality of the food.

There are 4WD vehicles at the disposal of the hunters. Even though these vehicles are in the best possible condition, and that a mechanic is employed at the camp, the terrain is very hard on these vehicles, and breakdowns can occur occasionally, which

can result in the loss of some hunting time.

The camp has radio equipment, making it always possible to contact the firm's head office in Dar-Es-Salaam. It is also possible to hire a satellite telephone for US\$50- per week.

On arrival in Dar-Es-Salaam or Arusha/Kilimanjaro you will be met by a representative of the safari company who will help with arrival formalities. He will also take care of transfers to the hunting district, either by car, charter flight or train.

PARTNER
Michel Mantheakis Safaris

Michel Mantheakis Safaris was established in 2010 and is owned and managed by Michel and his Dutch born wife Nicole. We have had a great working relationship with Michel over the last 17 years, who was formerly co-owner of Miombo Safaris/Kilombero North Safaris.

Michel is a very experienced hunter and a great nature lover. Michel who is of Greek descent, is a 3rd generation Tanzanian and has an academic background in game management plus 26 years experience as a professional hunter. He is considered to be one of the best professional hunters in Tanzania, and is always prepared to make that extra effort that is sometime necessary to ensure the success of the hunt. Michel has been especially successful hunting for elephants, lions and leopards. Michel is highly committed to carrying out good game management, anti-poaching measures, and ethically correct, sustainable hunting.

In addition to Michel Mantheakis, a strong team of highly qualified, professional hunters is employed by Michel Mantheakis Safaris. His wife, Nicole Mantheakis, takes care of all the companies administrative tasks, with great effectiveness.

HUNTING AREA Lake Natron

Lake Natron Game Controlled Area lies in Masailand. In this district you can find the Masai's holy mountain, the nearly 3,000m high active volcano O'ldonyo Lengai together with lake Natron with it's breeding population on no less than 2.5 million flamingos. Huge areas of open savannah, dense forest and a great range of altitude give the district it's wild character and it's rich, varied fauna. Here you can find all the Masailand specialities such as the lesser kudu, gerenuk, fringed eared oryx, Grant's -, Robert's - and Thomson's gazelle, Chandler's mountain reedbuck, Bohor reedbuck, East african impala, Kirk's dik-dik, Coke's hartebeest, klipspringer and Masai bushbuck. In addition the district has enormous leopards, good buffalo and endless, very good and very varied wing-shooting. Lake Natron is only a few hours drive from Arusha, and after the safari you can of course enjoy all the nearby National Parks, the Serengeti, N'goro n'goro, Lake Manyara and Tarangire.

About us

i

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
