HUNTING AREA Kingham

The hunting area Kingham is an 8,000-hectare cattle farm, of which approx. 2,500 hectares are fenced and are situated in beautiful surroundings in the mountains outside the city of Brisbane at an altitude of 600 metres. The area is surrounded by approx. 40,000 hectares of national forest, which is why only very few people live in the area and hunting pressure is very minimal. On the hunt you can see many of Australia's famous native species, such as kangaroos, wallabies, koalas, larks and platypuses, as well as more than 10 different huntable species.

Kingham Safaris is a family-owned business, run by the 2nd generation of sons Andrew and James Webster, who also guide the vast majority of hunters in the area. For over 37 years, they have had hunters from more than 22 different countries worldwide, and they cater to all kinds of customers, from trophy collectors to families on a hunting holiday.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
