ACCOMMODATION

Accommodation - Hunt at Uganda Wildlife Sa...

Generally speaking hunters live well while on safari in Uganda. The different districts have camps offering differing facilities, and a single district can, because of its size also have a main camp and several satellite camps. Therefore you might stay in a safari tent, a thatched tent or a bungalow, but one thing they all have in common is that they have private bathrooms and showers. All camps also have a "mess" tent/hut where you will eat your meals, and a cosy campfire which you can sit around in the evening, and tells stories about your day's hunting.

Climate: Temperatures here are pleasant, averaging between 20 to 25 degrees celcius all year round , but it can get rather cool at night, especially in the northern part of the country.

Hunters can fly to Entebbe for example with KLM, Brussels Airlines, Kenya Airways or British Airways.

Your passport must be valid for a minimum of 6 months after your arrival, and you must have blank pages available in it. Visa's can be applied for in advance, or they can be issued on arrival. They are priced at USD 100,-

PARTNER

Uganda Wildlife Safaris

Uganda Wildlife Safaris' slogan is "Conservation through sustainable utilisation".

Our partners strongly believe in acting ethically in their hunting operation and all the other projects they are involved in. They manage and operate exclusive wildlife areas outside the national Parks in cooperation with the district local governments as well as the Uganda Wildlife Authority and private owners to create employment and to stop uncontrolled and indiscriminate destruction of wildlife and their natural environment. Their success can be directly attributed to the partnerships they have formed with the local communities in the areas in which they work. They believe by not only sharing their profits, but also their knowledge and resources with local communities, they can help change perceptions about wildlife and thus ensure that future generations will not only be able to enjoy these national treasures, but that they will be able to derive a sustainable income from them.

Apart from hunting they are developing tourist activities such as photo safaris and bird watching tours. They also dedicate a huge amount of resources to rejuvenate old and defunct wildlife

reserves, by developing infrastructure, reintroduction of game and active on-site management.

They operate in the district of Luwero, Nakaseke, Nakasongola, Kiboga, Kyankwansi, Masindi & Kiryandongo, the former Aswa-Lolim Game Reserve (Nwoya District), Okidi Hills (Amuru District) and in Ajai Wildlife Reserve (Arua District).

HUNTING AREA Kafu River Basin

The huge Kafu River Basin stretches along Lake Kyoga, Kafu & Mayanja Rivers and covers the seven districts of Luwero, Nakaseke, Nakasongola, Kiboga, Kyankwansi, Kiryandongo and Masindi covering about 5,000,000 hectares.

The landscape in Kafu consists mainly of Papyrus swamps and dense bush thickets making it a prime hunting ground for the East African Sitatunga, East African Bush Duiker, East African Bohor Reedbuck, Nile Bushbuck, Ugandan Defassa Waterbuck, Leopard, Common Oribi and Bush Pig.

We hunt in Kafu from January to December. This is the best concession for big Sitatunga. Our average is 26 inch with quite a few bulls taken in the 29 to 31.5 inch range.

HUNTING AREA Aswa Lolim Ranches

The former Aswa Lolim Wildlife Reserve was degazetted under Idi Amin. It covers the sub-counties of Purongo, Alero, Anaka and Koch-Goma. Although many commercial farmers have settled in this prime hunting ground, it is still realistic to get Nile Buffalo, Uganda Kob, Hartebeest and Waterbuck. Aswa Lolim lies on the eastern side of the Nile. It covers 500,000 hectares and shares 110 km direct border with Murchison Falls National Park in the south and about 78 km with the Nile in the west. The landscape is dominated by light rolling grass hills with palm trees, small valleys with creeks and light forest. Near the river you find dense forests and large stretches of papyrus swamps. We hunt in Aswa-Lolim from January to end of April.

HUNTING AREA Lake Mburo North

This concession is situated in the South West of Uganda around Lake Mburo National Park. The size of this concession is 150,000 hectares. The landscape is dominated by light rolling grass hills with bush thickets, small valleys with creeks and light forest. Near the river you find dense forests and large stretches of papyrus swamps. The concession is rich with East African Bushbuck, Eastern Bohor Reedbuck, Sitatunga, Topi, Patterson Eland, East African Impala, Warthog, Cape Buffalo and East African Defassa Waterbuck. Both Impala and Waterbuck exceed in horn length often over 30 inches. We hunt in Lake Mburo from January to December.

QUESTIONS?**

HUNTING AREA Karamoja

Our Karamoja concessions are stretching over 5 million hectares from Kidepo National Park all the way to Central Karamoja. They include 7 Districts and 2 Wildlife Reserves and are rich in Buffalo, Jackson's Hartebeest, Oribi, Eastern Bohor Reedbuck, Chanler's Mountain Reedbuck, Gunther's Dik Dik and East African Defassa Waterbuck and Warthog. We can hunt in Karamoja during the entire season. However, the prime season being from January to September.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
