## ACCOMMODATION Humani

Accommodation is “safari style” either in tents or thatched huts, all with private facilities and outstanding views over the bush or river. The cuisine and service is first class. However, there is not so much on offer for non-hunting guests to do if they don’t wish to come along on the hunt. Humani is located deep in the African wilderness - and there are no real tourist attractions in the local vicinity.

## **Roger Whittall Safaris**

Guy Whittall was born and raised in Humani. He spent his early years hunting, fishing, and simply adventuring in his family's boundless backyard. He excelled in ball sports, representing Zimbabwe in rugby and cricket at the schoolboy level before becoming a permanent member of a formidable Zimbabwean cricket team. In 2003, Guy retired from international cricket, obtained his professional hunting certificate, and returned to his roots to assist his father in managing the family's safari business. He currently hunts in Humani and other Save Valley blocks, contributing to the day-to-day operations of Roger Whittall Safaris.

# About us

## Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
