HUNTING AREA Forest district Sefag

The forest district SEFAG consists of a total of 8 hunting areas and is located in the South western corner of Hungary. Altogether, the area is one of Hungary's largest at a total of 104,000 hectares, which are located in Somogy County, which is described as one of Hungary's regions with most wildlife. There are 8 separate hunting districts in the area, where all of the common European game species are native – including red deer, fallow deer, mouflon, wild boar and roe deer. The quality of the game species is very high and the highly professional and strict game management ensures excellent genetics and trophy quality. All the areas are home to excellent populations of wild game and an appropriate number of stags as well as hinds and calves. Due to the enormous size of the area, it is no problem to organize individual hunts for larger groups of up to 8-10 hunters. The associated hunting guides have extensive experience in red deer hunting and can estimate trophy sizes very accurately.

Trophy Hunting

Your Hungarian hunting guide, will be able to judge the size of the game with a high degree of accuracy, and will help to get you the best possible chance of a shot. Following Hungarian hunting regulations, as a visiting hunter, you must accept a margin of error of +/- 15% of the estimate trophy size for game shot. About us

i

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
